- Allah made iron pliable for him. He had so great a strength, that he could mould iron into any shape with his bare hands.
- Allah bestowed on him great instinct for decision making, due to which he always made correct decisions.

### **Lesson 10: How can children be a good Muslims?**

Exercise A:

Farjad was not only a good all rounder of the team, he also had a vast knowledge about cricket

His class demanded as a treat coconut cookies

Over-involvement in sports during student life could be harmful

Take part in sports only to the extent it is necessary for physical health

Farjad said whatever Father is doing; he is doing for my better future

A good Muslim child obeys his parents

Farjad's mother said "Very good son," "I expected the same from you

Exercise B:

1. Farjad was not only a good all-rounder of the team, he also had a vast knowledge about cricket and was very mature.
2. Father said "It is a matter of great pride that you are such a good player of cricket. And that you are so mature that you have been selected as a captain, instead of a matric student."

3. Sports is a good thing. I have never been a sportsman myself but I know the benefits of sports. Over-involvement in sports during student life could be harmful. I think a student should take part in sports only to the extent it is necessary for physical health.”
4. I have never disappointed you with my academic performance. Insha’Allah it will be the same in the future. I already play on behalf of my House and this has not affected my studies. I will give extra time to my studies and will not let it be affected.”
5. On many Saturdays, he will be called for practice. Sometimes he may even have to drop a class for practice or playing a match.

## Exercise C:

1. False
2. False
3. True
4. True
5. False
6. False
7. True
8. False
9. True
10. True
11. False
12. True
13. True
14. True
15. True.
